Introduction:

Background information on money laundering and terrorist financing; the essential compliance program elements; the risk-based approach; the criminals and the organizations fighting money laundering and terrorist financing; and penalties for non-compliance with the *Proceeds of Crime (Money Laundering) and Terrorist Financing Act*.

About Money Laundering & Terrorist Financing:

The stages of money laundering; common impacts and techniques; common sources of terrorist financing; terrorist financing funding requirements; and differences between terrorist financing and money laundering.

Understanding Risks and Reporting Requirements:

Know Your Client rules; indicators of unusual/suspicious transactions; and the required reports for submission to FINTRAC.

Client Identification & Record Keeping Requirements:

Methods to verify identification, including for politically exposed persons, heads of international organizations, beneficial ownership, control, and structure; business relationship verification; relying on others for ID verification; third party determination requirements; and records for large cash/virtual currency, client information, and suspicious transactions.

Additional Documents: Fact sheets, legislative changes, FINTRAC Interpretive Policies, third party determination, high-risk products, beneficial ownership, expectations for completing an STR, and more.

LIFE INSURANCE CUSTOMIZED PROGRAMS

Develop a training program that meets the specific requirements of your organization.

ADDITIONAL COURSES

Fraud: Five modules (Background, Enablers for Committing Fraud, External and Public Sector Fraud, Internal Fraud, and Managing Risk Exposures). It is designed to assist the user with an understanding of the basics of fraud, the types of fraud (external, occupational and public sector), fundamental ways to commit fraud, the main methods in which fraud impacts an organization and/or its employees, and more.

New Payment Products and Services: Two modules focusing on four categories: prepaid cards; mobile payment services; internet-based payment services; and virtual currencies, including Bitcoin. The modules define these products and services, their vulnerabilities, the risk of money laundering and terrorist financing, mitigating measures, and more.

Elder Financial Abuse: Three modules providing information to assist practitioners to recognize the importance of the application of elder financial abuse/exploitation risk controls into their risk assessment, and how to facilitate the detection, response, and reporting of these activities within their organization.

Privacy: the *Personal Information and Electronic Documents Act* (PIPEDA), *Alberta Personal Information Protection Act* (PIPA), *B.C. Personal Information Protection Act* (BCPIPA), and *Québec: an Act Respecting the Protection of Personal Information in the Private Sector*. **1 CE Credit through IAS - Advocis**
