

Statement on Novel Coronavirus

March 19, 2020

Over the last several weeks, we have been closely monitoring the evolving health situation related to the COVID-19 virus and have been working to ensure that we are keeping the health of our employees and our clients the focus of every decision we make.

The majority of our training and services are already delivered online, with the exception of the Money Laundering in Canada conference and the CAMLI September seminars. These events are scheduled for September 21-23rd, 2020 in Ottawa.

We are in the process of finalizing arrangements to live webcast and professionally record the scheduled sessions. The sessions will then be uploaded online for later viewing by those conference registrants who either attended the Conference and/or seminars in person or via the live streaming. While we recognize that a webcast doesn't provide the same rich experience that attending Money Laundering in Canada typically would, we wanted to ensure the option is available for those delegates who will not be able to travel to Ottawa this year.

We have also been in communication with the Sheraton Ottawa hotel and are confident that they are taking the necessary steps to ensure the safety of all participants who choose to join us in Ottawa this September.

We will provide additional details as they become available.

Thank you and stay safe,

ABCsolutions' Team
